## Aims and Ethos

***“We want our children to be happy and healthy today, fulfilled in the future and able to make their world an even better place.”***

Milton Road is a happy, creative, friendly and successful primary school in the north of the historic City of Cambridge. Milton Road serves children and families from within the school's catchment area and beyond.

We are an inclusive school, subscribing to an ethos of CREW, where everyone is welcome and that there are “No Outsiders”. We are also very proud of the linguistic, social, and cultural diversity of the families that we serve and we take an active role in our community.

If you are interested in your child joining our school community, we hold a series of Open Afternoons in November, ahead of the application window in December for prospective children and families to start in the following September. Open Afternoons offer prospective parents the opportunity to tour the school and meet with the Head teacher, Mrs Rae Snape. These are advertised from a scrolling bar at the top of our website and places can be booked for these via the school office.

## Admissions

Milton Road Primary School is a Local Authority Maintained Community school. The Local Authority manages **all** admissions into the school.

All school places for Milton Road Primary School are allocated by the Admissions Department at Cambridgeshire County Council in line with [Cambridgeshire's Local Authority Policy](#). For more information about the admissions process, please see the DfE's [School Admissions Code](#)
